At The Holgate Academy our mission statement 'Manners, Determination and Teamwork' exemplifies our ethos and approach to the importance of the development of all aspects of SMSC and British Values. Holgate champions and firmly believes in a holistic comprehensive education that ensures all our pupils are 'rounded and grounded'. We recognise that the development of pupils, spiritually, morally, socially and culturally plays a significant part not only in their ability to learn and achieve but in their ability to relate fully to and contribute usefully to wider society. We therefore aim to provide an education that provides pupils with opportunities to explore and develop their own and shared British values, whilst recognising beliefs of others may differ. Beliefs, spiritual awareness, high standards of personal behaviour including a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures are all critical skills and dispositions that we nurture, encourage and develop through our ethos, subject and wider curriculum.

All curriculum areas contribute to a pupil's spiritual, moral, social and cultural development and opportunities for this are planned in each area of the curriculum. Belief values, principles and spirituality will be explored across the curriculum. The integrity and spirituality of faith backgrounds will be respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views.

All adults at the Academy are expected to model and promote socially responsible behaviour in line with core British Values, treating all people as valuable individuals and showing respect for pupils and their families and stakeholders. Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand their rights and accept their responsibilities as well as the need to respect the rights of others. The Academy Consequence Pathway promotes responsible behaviour. All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in the teacher's planning and learning resources.

General aims

We aim to ensure:

- That everyone connected with the Academy is aware of our values and principles.

Links with the wider community

- Visitors are welcomed into the Academy.
- The Academy will support the work of a variety of charities.
- The development of strong home-school communication routes is regarded as very important, enabling parents and teachers to work in an effective partnership to support the children.
