Additional information about Music at Holgate

We are all looking forward to meeting you and working through out the year to explore music! In our lessons we will be doing some listening, composing and performing- so we are sure there will be something to suit every one.

We can also provide music instrument lessons if you want to learn, run a popular choir, music club and help to create a school show, so there will always be something musical for you to enjoy! We hope you enjoy music just as much as we do!
