## Why we run extra-curricular activities for students

Our extra-curricular activities are not only fun, they're designed to widen your experience of the world and help develop skills useful for life beyond the academy.

As well as the extra-curricular activities listed in this booklet, we often have guest speakers come in to share their experiences, and we run interesting visits and trips. Here's a gallery of some of the things our students have been up to recently:

Student footballers toured Notts County FC's ground with 'Magpies' legend and club all-time record goal-scorer, Les Bradd.

Year 10 GCSE textiles students visited Nottingham Trent University. They used industrial knitting machines, designed tote bags and created eco- friendly materials using bio-textiles.

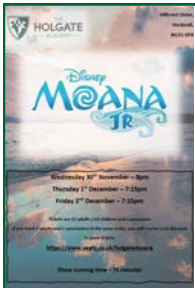

Our choir members were among performers at a Summer Concert this year. The concert - featuring performers from years 7 to 10 – also featured solo singers and musicians, and groups such as The Six (pictured).

Rock on! More musical talent was showcased as we held our first gig night in March. Students and staff performed to a packed academy hall. One student performer said: "It's exciting to be around so much talent and just around people who care so much about music."

Drama activities have included a trip out to see *An Inspector Calls* at Nottingham Theatre Royal (centre), and student productions of *Moana JR* (December 2022) and the upcoming 2023 panto *Cinderella*.
